

PTMainScreenViewController

```
|—MainScreenView
  |—RoutePickerView(TODO)
    |—RegionPicker
    |—LinePicker
    |—DirectionPicker
  |—RoutePresenterView
    |—MapContainerView
    |—ListView
  |—RouteStore
    |—AllRouteDownloadTask
```

RoutePickerView is designed to present the use interface with which user select a specific PTRoute Object. Conceptually, a route has three components, **RegionPickerView**, **LinePickerView** and **DirectionPickerView**.
